## MONEY MARKET

### *Procedimiento para la selección de 'cuota de referencia' para el cálculo de rendimientos*

1. No se consideran las cuotas que exijan suscripciones mínimas mayores a ARS 50.000.000
2. De las cuotas restantes, seleccionamos la de referencia en este orden:
  - a. Si hay una única cuota elegible para personas jurídicas o institucionales, seleccionamos esa.
  - b. Si no hay una única cuota elegible para personas jurídicas o institucionales, la cuota con honorarios más bajo y/o con la restricción más alta de suscripción mínima.

El procedimiento de selección de 'cuota de referencia' se realiza trimestralmente. Durante el trimestre, la 'cuota de referencia' de un fondo puede cambiar en caso de que la gerente de ese fondo informe que una cuota del fondo cumple con las condiciones necesarias para ser elegible.
